Effective Sept. 2015\*

This is a price list for our most commonly provided services. If you have a specific firearm or an unusual item not listed here please contact us at [info@coastalcerakote.com](mailto:info@coastalcerakote.com). If it's metal or polymer and it will fit in the blasting cabinet we can probably Cerakote it. Please remember that each individual item to be Cerakoted must be completely disassembled, degreased, blasted, racked, gassed out, sprayed, and cured. The more parts to be finished, the more the price increases. We are happy to provide custom quotes on large or unusual projects. Coastal Cerakote makes our own vinyl stencils in house. We can provide custom lettering, unit insignia, monograms, symbols, or patterns.

Ask about our military and public safety discounts.
